LUXURY

by **BRUMMEL CUCINE**

Contemporary elegance meets functionality in the LUXURY kitchen system. Furnished with an elegant lacquered finish in white mother-of-pearl and an inner opaque finish, the system's doors also come with complementing small lacquered ball inserts. The kitchen's efficiency and functionality lies in its operative island. Luxury comes with a sink and hob, which silently rises via remote control, and a two-glass LED drainer and aspirator.
